COVID-19 Response Efforts

The health and well-being of all Kentuckians is everyone’s shared priority. At Serve Kentucky, we are providing listings of volunteer needs in response to the COVID-19 crisis, supporting efforts to feed students and seniors, providing alternative service activities for AmeriCorps members, offering support to program staff, encouraging citizens to follow state guidelines through social media, and providing training in a virtual environment. Serve Kentucky is working to help citizens of the Commonwealth help their neighbors in need while complying with evolving guidelines for health and safety.

Quotes (from press release)

- Kentucky Governor Andy Beshear said, “Through the support of AmeriCorps, Kentucky’s commitment to service will be significantly boosted. Even in these times of uncertainty – especially in these times of uncertainty – we remain steadfast in our mission to provide community service, and this commitment from AmeriCorps will help us continue to make positive impact in our communities.” (video from Governor)

- Kentucky Cabinet for Health and Family Services Secretary Eric Friedlander praised AmeriCorps for its support. Program funding, he noted, impacts Kentucky’s quest to build more resilient communities. He said, “As Team Kentucky moves forward with Building Back Better following the novel coronavirus pandemic, the programs supported by AmeriCorps will play an even more significant part in making Kentuckians and the places they live stronger and ready for a brighter future.” (video from CHFS Secretary)

- Serve Kentucky Executive Director Joe Bringardner said AmeriCorps members are “local citizens helping their neighbors, and COVID-19 has made this service more important and timely.” Grant activities include service to aging Kentuckians, disaster relief, K-12 tutoring and food services in areas across the state. (video from Executive Director)

Podcast

On July 15, 2020, Serve Kentucky Executive Director Joe Bringardner talked with Kentucky Cabinet for Health and Family Services Secretary Eric Friedlander about AmeriCorps and the value of government-nonprofit partnerships. (podcast link)
